## **Ohio Chamber of Commerce Statement on HB 218**

*COLUMBUS, OHIO – The below statement can be attributed to Ohio Chamber of Commerce President and CEO, Steve Stivers regarding today’s action in the Ohio House on House Bill 218 (HB 218).*

“We were extremely disappointed the Ohio House voted today to limit the rights of employers to ensure the safety and wellbeing of their employees and customers. The Ohio Chamber is looking forward to making our case in the Ohio Senate on why it is imperative to protect the rights of Ohio’s private employers.”

*The Ohio Chamber of Commerce is the state’s leading business advocate and represents thousands of companies that do business in Ohio. Our mission is to aggressively champion free enterprise, economic competitiveness and growth for the benefit of all Ohioans.*
