COLUMBUS, OHIO – The below statement can be attributed to Ohio Chamber President & CEO Steve Stivers following an announcement that the Ohio Bureau of Workers' Compensation (BWC) Board of Directors is considering a 1% rate cut.

“Ohio employers stand to benefit from another reduction in workers’ compensation premiums thanks to the leadership of Governor DeWine and BWC Administrator Stephanie McCloud. The \$10 million in savings will keep Ohio’s workers’ compensation premiums among the lowest in the country and help employers reinvest in safer workplaces. This premium reduction also means Governor DeWine will have cut workers’ compensation rates for eight consecutive years and lowered premiums by approximately 50 percent during his administration.”
